

## **Tandem and Form3 Partner to Enhance User Experience**

London, 29<sup>th</sup> May, 2018

Form3, the cloud technology provider of Payments-as-a-Service processing for banks and regulated financial services businesses, today announced that it is working with Tandem, a digital only challenger bank, to help bring significant further improvements to the user experience for its customers.

Form3's managed technology service is enabling some of the world's fastest growing banks and fintechs to keep pace with the rapidly changing payments landscape, enabling greater competition, ultimately for the benefit of end customers.

Adam Moulson, Chief Customer Officer at Form3, states: "We are delighted to be working with the team at Tandem. Just as Tandem is rethinking and challenging banking, Form3 is disrupting payments technology. By combining our industry expertise with the very latest API and cloud-native technology, we are helping Tandem create new, compelling propositions that will truly benefit their customers."

Nick Bennett, Chief Operating Officer, Tandem, said: "As we continue our exciting mission to create a new, better way of banking that has the customer at its focus, the partnership with Form3 is going to help us deliver an even better user experience including enhancements to the app and new products."

## **Notes to Editors**

### **About Form3**

#### **Helping banks and regulated fintechs move money faster**

Form3 is a fully managed payment technology service combining a powerful AWS cloud processing platform, multiple-scheme payment gateways and a fully managed 24x7 service model. Form3 provides complete end-to-end Payments as a Service for financial institutions and regulated fintechs. Reliable and secure cloud-based access and processing for FPS, BACS, CHAPS, SEPA, SEPA Instant & SWIFT with no hardware or software required by our customers.

Form3 streamlines and simplifies the operation and reduces the cost of payments processing, delivering value back to the business. Form3's powerful micro-services architecture and API's provide a single point of simple access to the full universe of payment schemes. Future-proofed at the point of delivery for complete peace of mind, the result is a straight-forward, easy to use and hassle-free Payments as a Service.

### **About Tandem**

Built with over 11,000 Co-Founders, Tandem is a digital-only challenger bank that partners with its customers to build a better bank from scratch that meets the needs of everyday lives. By making money when its customers do, Tandem is a good bank focused on honest, fair and ethical banking.

Tandem has just acquired Harrods Bank and become one of the UK's leading challenger banks overnight. They will launch with a cashback credit card and two fixed term savings accounts, all managed by their banking app that provides customers with real time insight.

Tandem Bank Limited is regulated by the Prudential Regulatory Authority and the Financial Conduct Authority. Tandem is currently only available to UK customers with an ambition to expand internationally.
