

Press Release

Form3 appoints new Chief Financial Officer to support its strategic growth plans

15 July 2019

Form3, the cloud-native, payments as a service (PAAS) technology provider has announced Bonnie Mitchell as its new Chief Financial Officer (CFO)

Bonnie is a chartered accountant with a 20-year track record of working with incubator and scale up organisations both nationally and internationally.

In her role as CFO, Bonnie will have primary responsibility for financial planning, risk management and financial reporting for the global organisation, supporting its next phase of growth as it expands across Europe and beyond.

As a member of the leadership team at Form3, Bonnie will contribute to the performance management and strategic decision making of the wider business, reporting to the UK Executive team.

Bonnie began her career at EY Banking Audit and Assurance and RBS Treasury before moving to a new venture with a high growth retail brand, pre-revenue in 2016. The venture was successfully launched in both UK and US retail markets. On the back of its success, Bonnie and its founders set up a US based FMCG brand incubator, Green Park Brands Inc.

Michael Mueller, Form3's CEO said, " I'm delighted to welcome Bonnie to Form3. Her appointment is critical to the ongoing success of the business as we expand into new markets and take Form3 into the next stage of growth."

Commenting on her appointment, Bonnie added, "Form3 is a fast-growth business with a strong proposition and backing which has big plans in the coming months. It is a really exciting time to join the team and help shape the next phase of its development."

Bonnie lives in Cambridgeshire with her family.

About Form3

Form3 was founded in 2016 to help create better experiences for customers and their users when moving money globally. Their mission is to leverage technology to lower barriers and open up payment clearing and settlement scheme access to financial communities globally in order to move money in real-time.

By combining cutting edge micro-services technology and API's backed with decades of banking and payments expertise, Form3's end to end, cloud-native, payments platform enables access to payment schemes including ACH, Direct Debits and real-time transaction processing through a single API. Our customers include UK, European and US banks, payment institutions, card payment processors and licensed Fintechs, including Tier1 global brands.
